

VANYA MOHAMMED

Frontend Developer & UI/UX Designer

Email: vanyamhdsleman@gmail.com | LinkedIn: vanya-mohammed-2b3024253 | GitHub: VanyaMhd

PROFILE

Frontend developer and UI/UX designer who takes a product from first wireframe to shipped build. I design the interface, then write the code that makes it work, across web and mobile. Currently completing a B.Sc. in Software Engineering.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React, Vue.js, Tailwind CSS, Responsive Design, Accessibility (WCAG)

UI/UX Design: Figma, Design Systems, Wireframing and Prototyping, Interaction Design

Mobile Development: Flutter

SELECTED PROJECTS

PAW

Mobile Application | Flutter, Dart, Firebase, Firestore

Cross-platform mobile app supporting student productivity and wellbeing.

- Designed the full UI/UX, then built the front-end in Flutter and Dart
- Implemented Firebase Authentication and modelled the app data in Firestore
- Conducted user acceptance testing (UAT) with students and medical professionals to validate core workflows and usability

AI Coaching App

Mobile Application | HTML5, CSS3, JavaScript, Flutter, Dart

AI fitness and nutrition coach. Designed the full journey and built it as a clickable prototype first, including a body scan, generated workout and meal plans, and progress tracking, with light and dark modes throughout.

- Designed the UI/UX and built the clickable prototype
- Flutter front-end in progress

CivicNature

Web App | HTML5, CSS3, JavaScript

Civic platform letting residents report and track local environmental issues.

- Designed the end-to-end experience and built the responsive front-end

Suli Bakery

UI/UX Design

Mobile-first product design for a bakery ordering experience.

- Produced user flows, wireframes and high-fidelity interface designs
- Set the visual direction and built a reusable design system

EXPERIENCE

Frontend & Mobile Development, University Projects

Qaiwan International University | 2023 - Present

- Built Web and Mobile applications for university projects.

Volunteer Graphic Designer

Qaiwan International University | 2023 - Present

- Designed posters, banners and social graphics for university events and campaigns and held a consistent visual identity through layout, type and colour, working to fixed event deadlines

EDUCATION

B.Sc. Software Engineering

Qaiwan International University, Suli Heights, Sulaymaniyah

2023 - 2027
